Wire to Dr. Salve Rajendra Bombay "myself not going Delhi now Please inform Pardee immediately Hardikar"
Dr Salve had told me on the 19th that if I proceeded to Delhi, Shri Pardee of Poona would also go with me and try to secure help from the Health ministry of the Centre, for this organisation in Poona.

Kumudini Hanchinkar and P.R. Bhagwat came to Gala — Sabha this time evening as reported by me. They sat for a while and then their songs were recorded. I told them that I wanted them to be here at the time of the arrival of the Bombay Governor on the 13th of December. They should take part in enacting a small drama in Kannada, marathi or in the 4th act of Shakuntala of Kalidas. My desire is to push them forward with best of my ability. Kumudini and Bhagwat, I think, are good actors. If they get some encouragement at our hands, I think, they will become first class first actors.

Miss Kusumdini Handiekar and Mr. P.R. Bhagwat left today for Dharwar via Belgaum. They have been requested to come there four or five days before the arrival of Shri Sri Prakasa, the Governor of Bombay. Both of them are good actors and also good singers. They will be of use to the Natakuli at the time of the reception on the 13th. The recitation of the Sanskrit Shlokas from the Shakuntala Natak of Kalidas which is to be staged there was tape-recorded. At night some thing like a rehearsal was done

Mallapur Laxman Avnak and the Inamdar Patil had come. The Patil is an old man; but seems to be mischievous. That is the report we got from the workers who are now working in the Mallapur Village. The mischievous boys in the village do trouble the girls and ravage them. Warning has to be given to all our workers spread in Maharashtra and major Stati

Visited Vaddar Omi in Dhupdal. Had a talk with the gent and women. Vimal Shanta were with me in addition to the two Swiss workers of K.H.I. These Vaddars came about a hundred years ago from the neighbourhood of Nellore - Madhalli district and made their home. Their complaint was that they were out of job and that even the K.H.I. was bringing labour from outside and were not employing them although they were all from the locality. I have asked them to speak about this to Dr. Vaidya first and then through him to the Governor of Bombay when he visits us.

Dhupdal as usual. The N.L.B Engineer Mr. Mankha came this morning with some of his assistants in order to inspect the Road and get it repaired. He met me at Dhupdal. I did express my disapproval towards the policy followed by the N.L.B in getting their own roads repaired. I had the great that day I wrote to the Collector of Kolaba even Yesterday about the N.L.B Road repairs. He had said "They were working round on the Road itself but even in our own eyes" the Engineer was good. He was not disturbed in his mind. He was calm and cool. He said he would do every thing that was possible for him to do.
I did go in the evening to Dhupdal again and had a talk with the Vaddars and their children. I saw the boys play Kabadi and heard an Marathi Kaleh during the reception Songs. Had been to the Rly Station at about 7.50 P.M. Came to know about the arrangements made for the reception of the Governor Bombay by the Railway authorities. Did make my own arrangements

phone to Kashinath Neelkanth 71056 Bombay regarding Mangal Tai. Voice not heard properly by Bombay Party. Will try on phone later again a trial was given and I could have talk with him. I did request him to go to Mangal Tai and ask to come to Phatak prabha soon.

Much of our work suffers on account of lack of time on the part of C.M.O. and A.C.M.O. who attend to administrative work also. We have to change this method of throwing entire responsibility on the shoulders of these two willing stalwarts of our Institute and relieve them of the burden as soon as possible. On many occasions I have seen the work delayed and neglected due to sanction of the officiating of A.C.M.O. who has no time to attend to this nature.

Many passengers were nervous. They were running here and there. many of them were upset. They didn't know what to do. As soon as the buses arrived in the Station Yard Passengers who had come from Bombay side got themselves mixed up with the passengers who had arrived in buses from Belgaum and there was nothing but Confusion. I alone there with ~~Bhaskar~~ Ramgutay, Yamu, Krishna and Vimal. I went on the platform and found myself entangled in the Station staff affairs. I saw how every one was upset. Mr. Imam, M. P. was there amongst the passengers who had arrived from Bombay. I did have a talk with Mr. Fernandis of the Rly. headquarters at Hubli and gave him information about the Confusion. He promised ~~to~~ help with Station Staff. ~~But he failed~~ When I saw the Confusion with my own eyes I thought I should speak to the passengers on Loud speaker. So, I asked Vimal to get the Loud Speaker with Amplifier, mike etc and bring Ellurkar also. The machine came. by that time the Confusion was over, most of the passengers had gone to Belgaum. At night an empty Rake came from Miraj to pick up passengers from Belgaum. I was glad to see the Station Staff working hard and smartly.

Goods train derailed between Pachhapur and Sulchal at about 10.30 A.M. 24 loaded

Loaded wagons are capsized. May be due to ① Excess of speed ② Overloading, ③ weak track, ④ unfit rolling stock ⑤ strain on the rear axle while in motion ⑥ Old Engines & new Engine which are not yet upto the mark. Not so fit for the track on this side of the metre gauge

Spent nearly two hours on the Rly. Station seeing and studying the situation on the Station by the derailment of a goods train between Pachhapur and Sulchal. The entire Yard and the Circulating area of the Station was full of passengers coming from the north and going to the South and Vice Versa. The Railway authorities had arranged to ship passengers to Bombay side in B.T. buses from Belgaum to Ghatprabha. Eleven such buses came from Belgaum until midnight

Had been to the Rly Station to see the position of the trains, whether the track was clear and whether trains were to move today.

Reached Gokak, met B.P.K., Took the Key of Maldinni Centre Came to Maldinni but found none there. So, came to Yaragatti, a village one and a half miles away from Maldinni. We had Upma through Maldinni cook. Went to Uparathi from Maldinni. Found V. Kulkarni working. Khadilkar explained and answered my queries. Uparathi is a village of about 2,400 people. People want medical aid. Here, however, the poverty, they are very reluctant to come to the Centre and get help of the doctor.

1. A good dresser for dressing. Same person will keep the account and sell medicines.
2. A sign Board for the place where they stay at the time of serving.
3. A dressing bag and an emergency bag are absolutely necessary for the Ambulance—Medical Service.

Enroute Hubli From Ghataprabha

DECEMBER, 1958—Saturday 27

डिसेंबर ता. २७ शनिवार, मार्गशीर्ष कृ. १ शके १८८०

Saw the place of Goods train derailment from the train in which I was travelling to Hubli from Ghataprabha. Between 52/16 and 52/17 is the bridge on Markandeya river. The accident has actually happened between the 52/17 and 53/— from Londa. The Railway authorities have actually shifted the track by about 2 feet from its original place in order to allow regular traffic to pass. Good arrangement indeed. A thought came — "Should not our workers and trainees at K.H.I. face this major accident?". I think they should.

Reached Dharwar with Shri T. Subramanyam of Bellary, Shri R.K.S. and Babu Rangaswamy and Adabaxi Sahib in another car. Shri Gavai of Dharwar Division was presiding over the Camp meeting. I was to inaugurate the Camp. Shri Gavai had to go and attend another meeting. So, without any time I declared the Camp "Open" and requested Shri Gavai to speak. Shri T. Subramanyam also spoke. I too spoke for about 20 minutes. Shri Hullatti, the Superintendent of the [illegible] Dept, who was at Ambhani Farm invited me to his Centre. Promised him to come the next day.

Shamdasani Bhagwat came. She said that Pramila Marathe had gone to Calcutta. Falke from Indore came [illegible] evening.

Ramakant Gotikar had come this morning. Promised to see the Bhajani Mandal building. Left for Dhanwar at about 9.25 A.M. At the All India Radio had a talk with Bendre, Adalekar, Nanavaty, Gopal Kulkarni and others in the office. Dr Rangari and Shri Shanker were there. Shri Hullatti of the Publicity Dept was waiting to take me to the Centre. I have to finish the interview that was recorded this morning. It was about Reminiscences of Gandhiji. I have in a conversational form recorded my reminiscences:

1. 1921 – about Foreign Propaganda
2. 1924 – what Gandhiji thought of our Flag salutation, his impressions about the work of Khadi, after the "Dandi Yatra" Navajivan Dal and about the things who were stealing articles etc of those who had come to attend the session
3. 1927 – Jan 1 at Calcutta. How he asked me to stand upon my own feet and not to depend upon the Congress for funds
4. 1929 – in December at Lahore, at the time of the Congress.

Treatment going on On monday the 29th, after I returned from Hubli that morning I felt a little uncomfortable and began to cough. It gave me much trouble by the evening. Dr. Vaidya then asked me to take Aureomycin. Next day on Tuesday afternoon, all of a sudden I got fever. I had sent Gangutai to Shripadrao to have a talk with Kusum about the information we had received about the misunderstanding that was spread by Kusum. In the presence of Vimal Gangutai asked Kusum about the talk she and Kusum had in the Nurses quarters on the previous day or even before that. In the absence of Gangutai I had asked Krishna to come and help me when I was shivering with chills. She didn't come; I was told that she was busy & even she couldn't move out from the ward where she was working. Gangutai came and she sat near me

Shakuntala Haldankar joined me for going to Nagpur. Reached Nagpur at 2.55 P.M. one hour late. Was received on the Station by Sevadal Staff. Taken to Shri Gogo residence. After wash went direct to Panjari Village where 5th Camp Work of Sevadal Volunteers was going on from the 1st of this month. Today was the closing day. Shri Abid Ali Jt minister Labour Centre was closing the camp. I was present at this function. Panjari VIS[illegible] is on the 8½ mile stone from Nagpur on the west. The Village is about ½ furlong inside from the Main Road. Nearly 375 Volunteers of the Sevadal worked in the morning in one shift and other 375 volunteers in the afternoon. Both shifts together have produced a road one mile long and 18 feet wide. In some places the depth of the road was more than two feet also. The Volunteers who worked for this road came from all provinces in the country as was done in other places before. The total cost of the road would be six thousand Rupees. That is what the Government officers say. The land belongs to the Government but in two places the road passes through private land. The owners of those pieces of land most willingly gave their land for the Road. A shield was presented to the Sevadal by Harish-Chandra [illegible] Patil of [illegible] of the VIS[illegible] Village. It is a rolling shield. The conditions imposed by Jawahar about the Shield are:—

Unfortunately, I did not get a Conveyance to come to Congress Nagar where the Flag was to be hoisted. I was living with in the house of Shri Marlandrao Jog in new Shankra nari, Nagpur. This house was fairly away from the Congress Nagar and it was not at all easy possible for me to reach the place either in a bus or on a rickshaw. However, we had to wait in line to obtain a seat in the bus going towards the Nagar. We were very very unlucky in not getting even a bus for going to the Flag Salutation Ceremony. A friend who happened to come to the bus stand was approached by Jog and he was good enough to give us a lift in his car. Even then we did not reach the Flag field in time. We were late by about 8 minutes. This is the first time in my life and the life of the Sevadal that by remaining in the Camp I missed the Ceremony. It was indeed a hair raising time. It seems that my host had not made any arrangements for keeping a car for our use. Everyone in Sevadal felt it during the day. I moved in the Abhyankar Nagar on foot. I took my lunch and dinner at the Camp itself and tasted the food. Had been to Shri Sushil babu's in his new office. We then went to the Exhibition at night. Khadi in plenty of various Varieties has come. Production and quality also is being improved. But it is costly and the Government is still giving rebate. That means the Government is spending much over introduction of Khadi and in popularising it. I do not know how this will end. It was difficult for us to get a Conveyance at night in order to go to Jog's residence where we are to stay up.

An important thing happened today. An old friend of mine - a class mate of 1909-1913 from Calcutta - medical College where I was studying, came to the Congress Swadesh Camp early morning and waited for me for an hour. I was late in coming as I had gone to two other places before I reached the camp today. Dr. Zainabad Kar was with us in Calcutta. Dr Govindrao Ankelkar, Zainabadkar and myself, we lived together, studied together and ate together. Then we were inseparable. From 1913 We lost his trace. He did not even reply to me though I wrote to him to Hoshangabad. I had made enquiries about him in a number of places and asked a number of persons

"Ramrao Shevade, Hubli with a copy to Shamrao Hublikar Malikarjun Theatre, Hubli —— Reaching this evening Shripad Vaidya family. Inform Umabai Kundapur Vaidya. "Dr. Vaidya, Goa. Reaching this evening with Shripad family Madhav" —— Rates at about 7 P.M or so, Shamrao Hublikar was informed by telephone that Dr. Vaidya had already left with family and would arrive at about 7 P.M. He was requested to meet them and also inform Umabai about their arrival at that hours —— At about 8.45 P.M. Damodar who had gone with the family returned and said that Dr Vaidya had forgotten to take some of the important papers with him. He wanted those papers to be sent immediately so that he may get them before he leaves Hubli for Kundapur. We were told that without those papers it would be difficult for him to enter Goa. He wanted some photographs of children. We tried to search for papers he wanted. In the meantime Dr. Vaidya's phone call came. He told us the same thing. Shri. N. M. Deshpande was sent with the file and photographs to Hubli by the night express.

We had gone to Lokak this afternoon with Vimal, Krishna Dani. Dr. B. R. Kulkarni sent for two friends at the residence of Vimal Kulkarni's brother. The appeal for funds was read by one of them and the friends discussed the matter. Dr. B. R. promised to pay 101 Rupees. Mrs. Sulabhalai Dalvikhy, miss Manda, Mrs. Shanta Samant and Vimal were with me. We have begun the work of Collection here in this town. And Patil after the meeting of workers was over it was about 7 P.M then. "How do you like the administration", he said. "Good" "Do you like it ?" "Yes!" "then please help him, guide him" That was the Conversation between us. Mr. Patil seemed to be anxious to bring Hubli and Dharwar together and make a big city. That was a surprise to me. I have this day requested Mr. Patil to bring the mysore Maharaja to Bhalāprabha and sometime this year and encourage the workers working in K.H.I We went to Mr. G. B. Hospital (5) Exemption of Municipal taxes to Charitable Trusts in the city (6) I have requested him to give me a rough idea of the work he has done during the last 3 months and of intends to do in future as an administrator of the Hubli municipality. I have asked him also to let me have his report of work done by the administrator.

Had been to the divisional Superintendent of the metre gauge of this district and requested him to let me know about the work on the Ghataprabha Rly. Station. He has promised to let me have that information on the 29th instant when I return from Ghataprabha that day. I have also drawn his attention to the lack of roof on the Hubli Station platforms as also the Urinal which does stinking and which lay next myself. One Mr K.V. Left Hubli by mail. Shaam Hublikar's sister and her daughter were with me in Tram. Also Dada Shevade. We reached Ghalaprabha at 7.50 P.M. Bhimrao had already arrived. Vimal joined me at Belgaum. Dada Shevade went to Gangadhar Suvali. Both of them were given a room at Kokatnur's cottage as they wanted privacy to talk with each other. Saw film after meals in the Nursing Home.

In the morning a few people came to get introductory letters at my hands for getting their own work done. Had been to Shaam Hublikar's Theatre. There I asked Mr. Anantrao about some accounts etc. He told me that there was a letter from the Government of India. He then showed it to me. I found out that it was an order for Rupees ten thousand as a grant to the Women's Hospital. It was dated December 30th. Anantrao said he had received it about a week ago. I doubted this statement. He didn't know the contents even. He must have received this order in the first week of January itself. But he, it seems, wanted to hide the fact and told me that he had received it only a week back". I did not say a word at that time. I avoided speaking to him on that point.

Requested him to spare his time on the 30th (tomorrow) for going to the Women's Hospital and Cooperative Hospital. He has given 9 A.M. as Visiting time. We will go with him and show him the hospital. Have told Shaik Hubli about the order issued by the Central Health Minister sanctioning ten thousand for the Women's Hospital though the order was dated 30th December 1958 nobody knew anything about it. Not only that – Mr Amarlal himself had not read the order. This is the way how work is "handled". I told Shaik that "Amarlal told me a little and hinted while the fact of having received the letter much earlier than the date given to me by him" I asked Shaik to see the order himself and be convinced of the statement that I was making. —— But why blame Amarlal? What do we do for him? Have we paid him for the services he renders? Why should he work for the Society?

Dr Miss Marathe and Dr. Mrs. Shamabai came and had a talk about the hospital affairs. Pant Bhagwat also came about this institution. —— Towards evening Shri Amritlal Amarsi came for a chat. A number of things about the Women's Hospital, we talked, Requested him to come the next morning when Mr. Shaik, the administrator would come and he should go with us to both the Hospitals. He promised to spend the morning with us.

Today again we spent more than 3 hours in working for sending out appeals for the Mahajan memorial. Our mailing list is very defective. It will have to be written and kept up to date. Each time, whenever some dignitary comes, we have to think and rethink of names and addresses. It is so very troublesome to send invitations to friends and well-wishers of the Institute and make them attend the fete or send their messages at the time when needed. The best method is to prepare a general list ~~and keep~~ and prepare a Card index out of it.

The Governor of Mysore, His High Highness Jaya Chamraj Wodiar visited K.H.I. this morning. He came to Ghatprabha especially to see the working of the Institute. Some two years ago I had requested my friends in Bangalore to see that the Maharaja of Mysore paid a visit to the Institute.

Krishna Nadkarni, who came from Honnavar, Dist Kanara and who worked in K.H.I. for three years and twenty days (from Feb. 5, 1956 to Feb. 25 in 1959) left the Institute today and went to Bombay. She expressed her desire to study upto matric, pass it, become a full fledged Nurse and then work again. This was a long desire of hers. She had been expressing it; but we had not paid much attention to it. At last she told us that she has left the Institute and goes. We had to bow down our head and allow her to go. At that time, before she left I wrote a letter [illegible] and gave it. Most of us had been to the station to give her a send off. The letter I wrote then is as follows:

[illegible]

३ वर्षे आणि २० दिवस तू या संस्थेत राहिलीस. या संस्थेच्या उत्कर्षाकरता (रुइया कॉलेज, रुग्णालय) मनःपूर्वक सेवा केलीस. आपल्या निर्णयाने तू सर्वांना आश्चर्याकडे आणून ठेवलेस. असे करीत असताना तुझा आत्मविश्वास कायम होता. "मी नर्सिंग संस्था" हीच माझी कल्पना नव्हती ती तू तुझ्या कृतीने सर्वांच्या निदर्शनास आणून दिलीस; किती आनंदाची गोष्ट! तुझ्यात जी शिस्तप्रियता होती तिचे पोषण करण्याचा प्रयत्न मी तुझ्या येथील वास्तव्यात "हूं" म्हटले. तू ऐकलेस शिकलीस, स्वतःमध्ये पूर्ण नर्स तू होऊ दिलीस. तुझा आत्मा अनुभव मिळाला. मनुष्यत्व मी थोडेसे मागितले की "तिला आता आणखी शिकवणे नको. तिला जाऊ दे. शिकून येऊ दे. मग ती परत आल्यावर तू ही तिला मागून घे." मी ही घर सोडून जा, कुणाचा, आजारी पडू नकोस. तुझे करता आजपर्यंत मी कांहीही करू शकलो नाही पण माझा जर कांहीं उपयोग असेल तर तुझ्या पुढील शिक्षणात तुझा मदत कोण. वेळोवेळी सल्ला मागत जा. तुझा कांही उपयोग होऊ शकेल. पाहूं! होईल तें सर्वदा सत्यावर विश्वास ठेव. सत्य आणि सत्यापासून ही सेवा घे, घेशील?
तुझ्या सर्व कार्यात तुझा यश देणारा परमेश्वर आहे. शिक्षणात यश मिळून आणि ये परत. संस्था तुझी च आहे. ती तुझा सोडणार नाहीं.

I did indeed feel much when she left. मनुष्यत्व
I had built my hopes of organising a well knit group of workers of this type and I had taken Krishna as one of that group. Kanthi Shanta Samant, Vimal Karkarni and Yamu were the four persons who, I thought would stick out and build the world be organisation. Oh! When Krishna left the hopes were shattered to pieces. I couldn't talk about it to any one about my feeling. To replace Krishna would be difficult: but there must be a solution to it.

Had occasion to see Krishna Gandhi ~~ಶ್ರೀಕೃಷ್ಣ~~ ~~Cinema~~ in the Mallikarjun Theatre. Pramila, Gangutai, Ram 3 children, Mahadevadas and myself. Most perverted story from Maha Bharat. I do not know why Censor Board of the Government of India allows such perversions.

Mr. P.A. Bhagwat of Dharwar came and took the tape (new one) for recording the Kannada rendering of ಶ್ರೀ: ಶ್ರೀಮದ್ ಭಗವದ್ಗೀತಾ.

Pramila Marathe came and spent some time. She gave a report of the work that was done at the Hospital since I visited last. The girl is very innocent and knows not much of the world. She is well meaning and jolly. Takes life at its work and reads a lot on religion, as also on philosophy. If she is guided properly I am sure she will be one of the best workers in the hospital field.

We went to Dharwar Road, Lodge Road, then to the market to purchase shoes for Shanta Samant. Shantas shoes were not available. I wanted Rubber shoes. I took a hair though Gangutai asked me not to take. Because she knew that I would not wear them on this side. After the market we went to the Women's Hospital took my injection, met the trainees who had come from Ghatprabha, consoled them and went home

This day afternoon Gangubai, Raman and myself went to Dharwar. At the All-India Radio station I met Mr. P. R. Bhagwat and Kumudini Bhavchinkar. Dr. Ranganathan was there. Gangubai Badami and Namalwadkar were also there. Bhagwat and Kumud both sang ಭಾಗ್ಯದ ಲಕ್ಷ್ಮಿ in Kannada for us. That song is to be recorded on Tape. A new tape has been given to them. They will get this song recorded after they return from Bhadravati. That is what they said. That will be sometime after the 10th of this month. I got a copy of the Kannada rendering from them. I told them that I will send the same to Dr. Nalesh at Bangalore and ask him to get it recorded there also. After that we went to Vimala's parents house near the Karnatak High school. We spent about 40 minutes with them. Had our tea and tiffin at theirs. Both of them and their son Gopal were good to us. We left and met Bhavikatti in his shop. Reached home at about 9 at night. We spent some time at the Women's Hospital and met Mathura Rao near his house in Keshavapur.

We had decided this day to go to ಗದಗ್ ಅಥವಾ ಹುಬ್ಬಳ್ಳಿ in the Deccan. But while returning from Dharwar I felt weak and desired to sit quiet at home. So, I cancelled going to the Deccan Cinema. Sat at home and worked.

Ramakant Gokhale came to meet at night.

Mr. Shaik, the administrator of the Municipality came as I had asked him to come. I wanted to know about the progress of work he was doing. "If you want anything to be done at Bangalore, please let me know." He said there was nothing particular to be done. Again I have requested him to increase the annual Municipal grant to the Women's hospital as well as to the Co-operative Hospital at Hubli. I had requested Mr Hanbal of the Canara syndicate to meet me. So, he too came. I could not speak to him much. I will have to have a talk with him about Gopal Kulkarni, Vimala's brother and also about Bank Account of the H.S. Trust. Let me meet him again. In the morning there was a rush of callers at home. A number of friends came. Mathuradas, Amritlal, Shanu, Bhagwat Pandamara and Bhagwat Pant, Shantabai, Sushila Hegde, Rama Kanji and others are some of those who came. Habbu and R. The above wire (ordinary) sent to Bangalore today.

Mr. K. Gundu Rao, Chairman of the Mysore State Electricity Board came by mail this morning with his wife. He was with us all for a little more than two hours and left us at about 10.45 A.M. Mr. Sheriff, the in charge officer of northern districts of Mysore was also there with his representative of Hukeri. He said the working of the institute and was satisfied. When we go to Bangalore this time we will go to Gundu Rao's house and pay our respects to them both.

Went to Gokak at about 2.30 P.M to see the ~~Ashram~~ started by Kudli Shankaracharya. Vatsala with her children, Padmaja, Vatsala's mother, Dr Vaidya and myself, were in the Land Rover. Vatsala had a Darshan of the Swami. Though Padma Bai and ~~Hardikar~~ Vatsala's brother had gone in the temple they could not have the Darshan of the Swami. We had taken Dr. Kulkarni with us. Neither he nor Dr. Vaidya wanted the Swamiji for seeing the Ashram or taking Swamiji there as they would go to see Dhotis instead of ashrams. We did not like the idea at all. We returned from Gokak at about 5.30 P.M.

After taking my Lunch we went to our residential place and again returned to Vidhan Soudha & met Mariappa. At the Canteen we met Mr. Naik who was municipal Chairman of Hubli for some years. We went to the Council to hear the discussion on Finance. M. P. L. Shastri, Mohanrao Deshpande, Ramrao Chandrasekharam saw us sitting in the Speakers Gallery and they all came up and took us down to the Distinguished Visitors gallery. It was very good of them to have taken us and given us those seats. I was astonished to hear criticism on S.V.K. being treated as Government agent in Mysore. The contention was that he does not come to Mysore for official work. It comes on his own. So he must not be given that honour of being treated as Official Guest.

At Rajaji's we received & beetha for Hanumanthaiah's first and again & beetha from Hanumanthaiah & Chikkaputtha on the 19th evening. In the afternoon Vatsala, two children and Dr. Vaidya, we went to Kirloskar's factory. Vatsala got tired as she was very weak. We returned and went to Shri K. Hanumanthaiah's residence near K Hanumanthaiah Road. Spent one hour with Hanumanthaiah who had gone to Chikkaputtha on the 6th of this month. A very fine gentleman, indeed. Later we had to go to meet Anna (S. V. Krishnamoorthy Rao) at the Residency. He was told about the criticisms levelled against him by some opposition member from Shimoga. I have requested him to get the relevant papers and study the whole things. J. N. A. Rao was with us this P.M. I have warned him to be careful in so far as his actions are concerned. The Congress scandal is getting activised as the Pradesh Congress Officers were trying to organise the Dal. I have warned him that it would not be possible for me to save them any more. I asked Rao Rao about Krishnappa also. Krishnappa was found to be rash and inexperienced. "We would like to have another man, very well trained. Obviously no one was needed."

This morning Madhurao Kanjalgi came to fetch us to the Government Tuberculosis Sanitorium in order to get the brother-in-law of R. Siniwasarao examined by Dr. Vaidya. We did go there and saw not only the patient but also the Sanitorium. Dr. Naidu, the Supdt of the Sanitorium was kind enough to take us round. It is an ordinary Hospital. Not much of importance nor of consequence. From there we went to the Fal bag to see Mr. Marigowda, the Superintendent and get from him some plants and seeds. Mr. Marigowda took us round and showed us a number of seedlings, plants, trees etc. We wanted "a Travellers Palm" for K.H.I. We took one of 5 feet plant and 7 other small plants from one nursery. It was very kind of him to have given them to us. He has promised to come to Phalaprabha on one of these days. From there we went to the Social Welfare Board office in "Ujjala" on Shankermath Road. There we left Dr. Vaidya and went to Dr. Parthas. We took our lunch at Parthas. Amma was there. There Mrs. Partha-Venkubai told me that she had decided to get Alaka married to a Malayali boy. Alaka knows the man for about four years now and she was anxious to get her married to him. I did give my consent but said that she must know the character of the man & also his antecedents well before the girl is given in marriage. Venkubai said she knows everything and there was no need of finding out anything further. So, the girl was to be married now. It may be done in May 1959.

I sought to have Waived him from Bangalore itself, but due to some or other reason I forgot to do so at Bangalore.

I was glad to hear today that Bijo's marriage was settled with one Kunalekar at Bombay and that the same will be celebrated at Bombay on the 1st of April '59. Her mother and father as also the rest of the elders in the family feel relieved of the anxiety they had about her not being married yet though she is 26 years of age. She was born in January 1933 when we were in prison. 26 years of age is really an age in a Hindu family. The anxiety was due to that.

Had been to Vamanrao Apte's house Mathuradas and Ramrao Sharada also were with me We talked about the Women's Hospital affairs. Vamanrao was very particular about the outdoor of the Hospital going down and down for the last more than one year and a half or even more. He said that he would hold Dr Marathe responsible for the down ward course of the outdoor in the Women's Hospital. He was not at all satisfied with the working. He was told that Dr. Marathe was unable to administer. She was good as a worker and not as the head of an institution. Mr. Vamanrao said that it was too early to say anything about the qualities of her. I heard later that she – Dr Marathe – was not given a free hand in treatment, operations etc. She herself told me that Dr. Joshi had instructed her not to do anything in so far as treatment and operations were concerned without consulting Dr. Mrs. Rao. I was surprised to hear it. All the initiative in her was thus snatched away from her. She was unable to show her ability and was thus forced to depend upon Dr. Mrs. Rao who was, in my opinion, responsible for the down fall of the Hospital Dr Marathe was to give an explanation to the Governing Body regarding the down fall of the out door etc.

Hardikar

I ought to have heard him from Bangalore itself; but due to one or other reason I forgot to do so at Bangalore.

I was glad to hear today that Bijni's marriage was settled with one Kunalekar at Bombay and that the same will be celebrated at Bombay on the 1st of April '59. Her mother and father as also the rest of the elders in the family feel relieved of the anxiety they had about her not being married. Yet though she is 26 years of age. She was born in January 1933 when we were in prison. 26 years of age is the marrying age in a Hindu family. The anxiety was due to that.

When we had gone to the Station to give a send off to Dr. Sathe and Dr. Gokhale, we were told by the Station Staff that General Cariappa was travelling in the same train to Bombay and that he was just next to Dr. Sathe's compartment. I opened the door of the Coupe and there I found the General sitting and doing something. When he saw me he said "Hello, Hello, how are you here; what are you doing here" saying this he came down and I introduced him to Dr. Vaidya, Dr. Balaskar, Dr. Sathe and Dr. Gokhale. The General was in a jovial mood. He spoke to all the doctors and asked as to what they were doing. Whether they were paying ~~[illegible]~~ attention to the health of the people or not. He said it was our primary duty to preserve the health of the nation by making young girls to take care of their bodies. He wanted the youngsters to build their bodies. For this purpose he asked as to what are our Ministers doing? What is Karmarkar the health minister of this Centre, doing?

Dr B. told me about the distribution of out door and indoor duties amongst the three doctors. I told him that I knew the scheme and I had told Dr. Vaidya that I did it like it. But I said in the interest of work I have absolutely no objection if he put the scheme in operation. It was for Dr Vaidya to consider it. He should take any step he likes in spite of my likes and dislikes. Dr B himself didn't want the distribution for his own reasons, but if ordered he would work it out. His is an excellent spirit. He was very loyal to Dr. Vaidya. He loved Vaidya and he did every thing for Dr. Vaidya. He said "he had given up even his initials for Dr Vaidya. Balankhe is no more A Balankhe. In short he meant that he has himself merged in Dr Vaidya and he has no separate existence. Wonderful! I hope I have understood him Write.

Then he spoke about a letter which he had received regarding an elderly lady who desired to come and stay at the K.H.I. for work etc. She was told she was more than 50. I had to say "that this was not a prudent" and we should not encourage such persons though others may. We should train young blood in order to run the institute in a better manner.

At Gokak we went to
1. Babulal Nawaji — Commission agent
2. Basavanappa Irannavalli — Cotton merchant
3. Dhondiba Padhar, Gaggery merchant
4. Vaktaji Dalichand, Shroff — Yarn merchant
5. Bhagavandas Dataji — Onkarmal Bhagwang
6. Sagmatta Ligade & Irappa Patil — Shroff — Gaggary

After leaving Vimal at Kulkarni's house we started our work. First we sent for some friends. As they were all busy with their work, none came. By that time Vimal also returned. We then went to the shop of those whose names have been given. Rich merchant offered not more than 5%. Whatever it is we have to accept as much as they give and thank them. After all we have to depend upon the public to run private Organisations. So, be satisfied with whatever they give.

We returned home at about 1.20 P.M.

Today, again we talked about the distribution of Outdoor and indoor amongst the three doctors. Dr Vaidya was firm about it. He wanted to distribute in the manner in which he had thought out. I could tell him only one thing. "You Know your job. Go ahead and do it. If you wish you sit together and decide. If not, You should act at once"!

11'-10" length and width of the room

6'-6" Width of linoleum
21'-0" length in three parts:
Each each of 6'-6"
1/45 of a foot 9'-6"
To be more 6'-0"

Linoleum of the size mentioned is meant for one room in the bungalow at Shalatpratha and the check curtain meant for one part of its Varandha.

This evening when Dr. B. had come to the Bungalow I was talking to Shanta about not paying attention to her health. I scolded her. She burst into tears. I tried to cajole her. Vimal was in her full spirit. She spoke to Dr B. about what had happened in the past regarding medicine and the treatment given to some of the inmates in the Staff quarters of the Nurses Home. I liked Vimal's spirit and the way in which she spoke. I liked the way in which she tried to protect the interest of her friend Shanta. Excellent indeed! I want her to behave in that manner always.

I wanted Vimal to write to Vijay Shevade a sweet letter and give it to her father for delivery. She said "I will write her on that day". Immediately I retorted "Oh! You do that because you have money, eh! Don't be proud about it" Vimal felt it. Her eyes were watery. She did reply & say "Oh! don't say so. I am not that kind" I was sorry for having attacked her in that manner. It was very improper for me to have said so to her. I know she is not that kind at all. There were a number of people at time when I wanted to pacify her. However, I kept it down. Write to her from home tomorrow -

Saturday 28

The whole morning none came and none went out because of Holi – होळी. It was a holiday.
I had to send for Srinivasrao and Dr. Sontakke to request them both to be on a "Ad Hoc" Committee to be appointed by me in getting the ~~Reg~~ Constitution of the Ayurvedic Mandal drafted and appointing an executive Committee to work out the Constitution for one year at least. Both came. The former agreed; the latter said "No"! I do not want to work on the "Ad Hoc" committee. We have requested him to suggest some other name, so that the "ad hoc" committee may begin its work at once. It is essential that the school should go on without any hindrance. Hubli should not lose the chance of having a good Ayurvedic School or College.
Dr. Sontakke spoke very vehemently against Halasikar and said that "no institution which entertains Halasikar can thrive, and he does not wish to have anything to do with institutions ~~which~~ in which Halasikar has any thing to do." He gave me his experience of past several years.

We reached Konjalgi at 8.35 A.M. within an hour and moved in the Kuldgi from place to place seeing and studying the various activities The leader of the team Narayanrao Desai is the Secretary He was very anxious to have the Primary Health Unit of the Government here and for that he was willing to sacrifice and suffer to a great extent. He had offered land and buildings for the Unit. B Kuldgod friends, we were told, were fighting with him and were unwilling to let the Unit go. The N.E.S. block Committee had once decided to give it to Kuldgod, but again the question was again discussed in the meeting and left in an undecided condition. We are going there now and we see how they would do it. Here, at this village, Vimal distributed appeals for Dr. Narayan's memorial fund

Enroute Konjalgi this morning we saw at Masaragatti and near Ghataprabha river, the people of the village were going to with pots of various sizes for taking water to their homes. It was a sight for Gods to see! what a suffering both people for wat which is absolutely necessary for the very life of all the living Animals, plants etc. People of Masaragatti and other Villages which we saw this morning enroute to Konjalgi and back to Ghataprabha. I was sorry to see tears dropping down from the eyes of N. Pramila Marathe when my train was about to move for Ghatapratha. It pained me. I did not know the reason nor had I anytime to speak to her about it. "How is everything, Pramila? Tomorrow, the Governing Body meets. They may summon you and question you. Be careful, but do reply straight. Tell the truth, don't hide anything." At this she began to cry. I was beyond me to understand. I too felt for her. She is a good girl, very conscious, very loyal, God fearing. She is yet young, ready to learn ~~book by the case~~ etc. I thought some one must have said something to her. She must have been hurt too much. I asked Yamu and Gangutai to go to her house and find out everything. They promised to do so. Poor Pramila, she must have been wounded by her own friends. We will have to see.

Enroute Ghatapratha, in train, I wrote to her and requested her to write to me everything without reserve and mailed the letter on Belgaum station.

"Death Be Not Proud" By John Gunther

APRIL 1959

Tuesday 21

111-254

Enroute Bombay and at Bombay Enroute Delhi by the Punjab mail.

Which left at 3.05 P.M.. Krishna, Bhaskar, Sathe, Kashinath Nadekar, Vadilal and others from the Congress House had come. Bavishkar also was there.

Bavishkar spoke about his own Mama Varerkar's relations. He showed some letters which were written by Mai to Bavishkar about her own father. The reading was nauseating. It was too bad of mama. At this stage, without understanding the issue properly I should not say anything about Mama or about Bavishkar.

Krishna looked to me not happy. I do not know why? I must find it out and try to set matters right. Just as others at Phatakphatka, I have liked Krishna and I feel it my duty to help her.

Went with Gopinath to the Palam aerodrome to see Dr. Hilachmanova off to Calcutta. It was 6.25 in the morning when we reached Palam. The plane took off at 7 A.M. Dr. Hilachmanova did not expect me at Palam. She was taken by me by surprise. She introduced me to the workers who were working in Delhi for her. Kamaladevi came to Palam with her son Ram. I had a talk with her. She wanted me to go to her residence for lunch. I assured her that I will go some of these days.

Had been to the All India Radio to hear the Taj of Kannada "Ghanashyam" song which had come from Bangalore All-India Radio Station. I did not like the Tune at all. The Voice of the Companion of Kaling Rao - Mohini Kumari is weak It does not suit the occasion. I am writing accordingly to Dr. A. M. Nalesh who was kind enough to arrange the party and get this song recorded. I thought the song sung by Bhagwat and Khurud is better than the one that has come from Bangalore.

Shocking letter from Shamalabai Bhagwat about the accident met by Mathuradas Jerajani at the hands of Yamanappa, the watchman. Awful it was to know and find that the old man at this age, after having served for a number of years in the same place, did this kind of heinous work. The whole reading of Shamalabai's letter was shocking. So, I hurried to send a wire to Hubli.

Early morning at 5, got up. Washed and bathed. Raja was alert. She made merry on get-up. By about 6 Mrs Mama Warerkar came with Nirmala. He had brought Garland and Khadi. Amarnath Chawla and Govardhan came with the Car. I sent them ahead to take Anandan and his children. I went in Iyer's car with Chhoni. We met at the Ramleela ground. Sevadal rally was there. From 6.30 to 7.45 A.M. I spent my time at the Ramleela. Then went to Anandan's. I had my lunch at 10 Akbar Road with all the members of the family. Anna handed over a cheque for 1501- rupees as a birth day present. Evening was spent at home. A few people came to felicitate. Korah, Rani and Amba brought Khadi. The day was spent quietly. There was no pomp nor any garlands. A number of telegrams were ~~sent~~ received.

Spent sometime with Anandan.

From May 17 Continued

The only reason she gives for not writing all these days are not at all convincing to me. "You are worried and you feel hurt when I write to you anything. So, I decided not to write until some definite, tangible work was done by me" She has mixed up every thing. It is better not to speak about this matter at all. Keep mum over all that has happened during this trip of mine to Delhi. It is better to suffer quietly, inwardly than to hurt the dear ones whom we love and adore. This is the best method of teaching also. That is what I think. It is enough she has written. I must satisfy myself. This letter, after exactly 8 days brought some relief to the mind, though the wound caused by the Delhi she took will never be healed.

Had been to Chhatarpur with Gopi Krishna to see the Health service of the Indian Cooperative Union of New Delhi. Shri Gopi Krishna came to fetch me early in the morning and he took me to Chhatarpur, a village about 15 miles away from Delhi. Here in this village is located the medical Centre of the Indian Cooperative Union who are giving medical aid to villagers on Nominal Conditional bases. Every house should register its name by paying 8 annas every month and take service of the Union.

Went back to the A.I.C.C. and returned ~~to~~ with Dr. Keskar to his house. This day had a frank talk with the Doctor and Meenakshi about our Common friend from Bombay and all that he had done and is doing by sitting in Delhi. Meenakshi did give out about the letter she had received from Usha. Of course all that we spoke at that time will remain secret. Neither I nor Dr. Keskar nor Meenakshi are interested in harming any person

Had been to Dr. Pandit's residence with Dr. Miss Sumati Mahishi who had come home very early in the morning. We had our breakfast at Pandits'. I had taken Dr. Miss Mahishi to introduce her to Dr. Pandit and urge him to give her a research scholarship. On this day Dr. Pandit told me about the way in which he had left Gujarat

Left at 4.15 P.M. for Bombay. My Companion in the Compartment was Shri Ramanarayan Bajaj and the One of the neighbour was Shri Khadilkar of Poona a member of the Lok Sabha. We had a lot of discussion

---

I was very much disappointed in not getting letters I expected by Sunday and today before I left for Bombay. At such time many questions come before the mind's eye. What has happened? Is there no time to write? Why such neglect. Never in the past was I asked "Is there any necessity of writing to Bombay?" This question pained me. It made me [redacted] think & and think of a number of things which made me worry and nervous. It was indeed bad on my part to have gone in the grip of such [redacted] a thing which makes me miserable and unhappy. What is to be done now? Why all this? All the while the same thought was uppermost in my mind — Why this kind of treatment is given to me? What wrong have I done?

Tuesday 12

Enroute Bombay and at Bombay

Reached at 3-53 P.M. Kalindi, Krishna, Bhaskar, Vadilal Bijur with her husband – all had come to the Station. Subhadra Kothikar also was there; drove straight to Rashmi's. At 5-30 P.M. went to a Camp in Ville Parle (West). Then to Shri Nimbkar's residence at Khar where I spent an hour. Met Baburao Parsekar. He seemed to be in sound health. There was absolutely no worry, it seemed. Requested Nimbkar to attend the meeting. He said he would. He wanted to go to Belgaum on the 21st or so. Then he would come to Bhatapradha. Spoke to him about a change in the selection of officers of the K.A.I. I wanted Nimbkar to be the President in place of Thakur who had not only become senile but had never even attended the meetings nor had kept any touch with the Institution. Nimbkar had no objection. I told him that I wanted some other persons to be chosen in place of Shri R.A. Jahagirdar of Bombay. Younger men with some energy and vigour were to be chosen.

---

was much disturbed at night. Had no sleep. Somehow my mind was being dragged by some one who was far away from me. Felt much pain both in head and heart and got disgusted with the whole thing. What has happened? Why this agony? Why this miserableness? By such happenings as these life becomes heavy. It keeps on hanging. Is life worth while? – under such circumstances? I think not. Should the interested ones be told about it?

Vasant Came and reported that his wife as also Lakshmi's wife with their two youngsters were also going to Buldana the same night by the same train as ours. I had to say Yes!

Kanibhai Mehta Came. I had a talk with him for sometime about his future and about funds.

Mr. A.S.E. Iyer Came to Kashinath's and took me to Mafatbhai for funds. Mafatbhai asked me to meet him on the 19th ~~when~~ after I returned from Buldana. He said he would give me a cheque on that day. I told him that I would stay provided he promises me a Cheque for K.H.I. I had a talk with him about Iyer's household affair. I told Iyer that he should not hurt Raja nor should he unnecessarily suffer. Both of them should enjoy this ~~[illegible]~~ life at least now. As it is today, I felt that both were not at all happy. Something or other happens which makes them unhappy. This must go.

No rest to the mind. It runs and runs and I can not control it. I thought I may become mad. I tried to keep myself occupied in order to give some rest to it. But, I did not succeed.

MAY 1959 Arrived at Buldana

Friday 15 at 8 - in the morning

135–230

On Jalgaon Station met Kamal's daughter Shobha who had come to meet us with her father Rajabhau. On Bhusaval Station Arvind came and took us by surprise. He told was going to Buldana At Buldana by noon Rani Sherade came with his sister Kamal and her daughter Prabha. We were staying in the Bharat Vidyalaya started by Diwakar Agashe. His father ramasastri was Head master of Akola High School, Central High School and was the founder of Gurukul at Akola. He closed the Gurukul at Akola and brought it to Buldana after he got his pension. His experience in so far as the Gurukul is concerned is not at all satisfactory. He was disappointed He did not get the right type of students. Any Akola, Villagers who were practically vagabonds came to school and did not behave properly. Here at Buldana ramasastri didn't make an attempt to revive Gurukul. His son Diwakar also was not in favour of starting it as desired by his father. He started the Bharat Vidyalaya and made it an ordinary school

The weather at Buldana today was cool. A few drops of rain were there in the morning. It was not hot at all as I was threatened in Delhi by my friends.

Shifted from Ajanta's to Gardes in the city after morning ablutions. Arvind and Ravi left for Bhusawal. Then one goes to Bombay, the other goes to Indore. Kamal left with her daughter to Jalgaon in Dr. Keerlane's car. The ballet went to Dhulia from where he came. Mrs. Keerlane is the sister of Baburao Gharde — In the evening Laxmanrao Gharde and I had been out for a walk. At that time I came to know about the life story of Baburao Gharde. It is in deed sad to know such stories as that. The man died in debt. When Baburao lost his father he had received plenty. But when he left this world he left nothing but debt to his family. I had sent for the lady doctor who was in charge of female section of the Civil Hospital of Buldana. Dr. Miss Manik Likhite M.B.B.S. was in charge of the women's section. I wanted her to give me some information about her hospital. She came. I did discuss with her the needs of her hospital. She was very frank. She told me. Dr. Tara Gharde also was there when I talked to the officer-in-charge of the women's section. Her name is Dr.

Letters regarding Bijpur home. These were written by Vasant Sherade at the instance of Gangutai and Bapu Jathar. Bijpi's mother-in-law spoke to Gangutai when she had gone to her (Bijpi's) house about Bijpi's non-activity, laziness, clumsiness, ignorance etc. and said that she should be taken away. She (the mother-in-law) told Gangutai that the Sherades had deceived them and given a duffer girl to them. Gangutai felt ~~mortally~~ wounded, shed tears after she returned and made Vasant write to me. What could I do? I considered the matter and decided to write to Gangutai and to Bapu requesting them not to become nervous but to take everything coolly without being perturbed. They wanted me to go to Bombay at once in order to appease the mother-in-law as well as the brothers-in-law of Bijpi. I ~~Rote~~ wrote to them saying that it was not at all necessarily for me ~~to~~ to go there. ~~But~~ I wanted them to allow enough time to pass.

Shri Nittoor Srinivasrao came with Shri H R Mudhol they were with me for about an hour. It pained me to see them come to our house because of the fact that I had promised them yesterday that I would go to them myself if I were told about their arrival from Dharwar last night. They had, they told me, sent a word to me with Chachadi and Ramrao but unfortunately they failed to see me and tell me about their coming back to Hubli from Dharwar. Later during the day both Ramrao and Chachadi met me and apologised. At night I had been to Mohare in S.K. Office. Mohare said that what I had said in the morning about old workers like ourselves getting selfish made his thoughts run amuck. He was thinking since then to talk with me about the same. "I feel that even we, the few remaining old workers like me are getting self Centred and selfish and have been demanding respect at the hands of others. Why is this happening?" This was the question that I had broached to R.S. Hukkerikar yesterday at his residence in Dharwar. When Nittoor Srinivasrao had come with Hanmantrao I had spoken to them both about it. Hanmantrao picked up the thread and broached the subject again.

This morning I had a frank talk with Sham Hubli about the women's Hospital and the doings of some of our members of the Society. I opened my heart and told practically every thing to him about my own feelings of our doings in the Hospital. Especially regarding the nefarious criminal action of Yamanappa I told Sham that we, either individually or officially, should not ~~take any stand~~ go to Court and allow things to lie down. Nothing was going to shatter it action against Yamanappa and

Had been to the Thread Ceremony of Mangoli's son. Met friends whom I had not met for a long time. I sat at mangolis residence for more than half an hour talking with old friends. Then I went to the Press with Mr. Naik, the manager of the City Bank. Had a talk with him. Then to Mr. Nadgir, the manager of the Karnatak Bank with Mr. Pappu, the managing the Urban Co-operative Bank for making necessary enquiries about loans from Banks.
On march 12, 1957 We had drawn 20 thousand from the Hubli urban Cooperative Bank Ltd for paying off small loans and for purchasing machines etc for the Hind Seva Trust. This amount was to be paid. Bhanu had attempted to pay five or of twenty thousand were paid by him. However, the remaining ten thousand were to be paid before the 29th of this month. Hence, I had to meet the managers of these banks and make enquiries. Mr. Naik, Mr. Nadgir and Mr. Pappu the managers of three different banks were ready to help in one way or the other without harming the interest of their individual banks. A day previous to this Bhanu requested Mr. Hanbal to see me about the same matter. Hanbal is the manager of the Canara Industrial Bank Syndicate Ltd. He too promised to help through his Bank. Taking loan from a bank is indeed a troublesome job. It is not the right sort of a job for people like us. I dislike it. I was never in business. But due to Kaneyadi and mangoli, at the beginning and then late Karant I did undertake to printing business and invested money in the printing machinery. For that a

178–187 Saturday 27

Had gone to Belgaum to meet Balurao Pusalkar and Dr. I K. Hegde, the minister for Health, Govt of Mysore who had come to inaugurate the Red Cross Society's Centenary celebrations. He was requested to visit Phalaprabha and see the institute for himself. He has promised to do so. I had written a letter to him and asked Sham Hublikar to deliver it. I wanted Dr. Hegde to take his breakfast at the women's Hospital on the 27th morning and visit the same. Also,

Gangutai was taken to

JUNE 1959 Ghatprabha

Sunday 28 Hukeri at 5 P.M.

179–186

Came to Hukeri for collections. Kamptan, Vimal, Mantri and Mastri were with me. Here we had come before. We were at Ajjappa's residence. Dr. Kalkundri, Dr. Khandekar, Dr. Kulkarni, Shri Parsabeb Nadaf and other friends were invited. Then were given our literature. Ajjappa took special interest. He goaded the people to come & meet us at his house. He was anxious to make a beginning ~~As planned for Hukeri, I got Rs~~ So, without minding any suggestions made to the contrary by some of them who had gathered he urged the friends to give their figures. Some did. Some waited for others to say something. But any way the work was begun. Dr. Kalkundri said 51/- Others followed. We went ~~out~~ to the residences of some who were not present at Ajjappa's. Mr. Parsabeb Nadaf was with us throughout. Except his figure we got the figures of all those whom we met. The total came to 207 Rupees. Ajjappa and others said that they will inform us about the future date of our coming to this ~~(Hukeri)~~ Navagi town (Hukeri) again for collections. Mr. Nadaf's figure was not taken though he wanted to ~~get it~~ give the same to us and get rid of us. But some of our friends and myself, we refused to take the same. We expect a decent amount from him and we hope to get it.

Family Health Insurance ~~scheme~~

Started this day again. It was stopped on the 1st of January 1959 for the simple fact that the people of the Village were to be made to realise the necessity of their taking part in the scheme and to take full advantage of it. During 1958 One Rupee per head was taken from ~~the~~ all those who registered their names & were given aid by K-14-1. as per their ~~status and~~ economic condition. ~~For this scheme~~ To work out the scheme we had to pay 4 Rupees more per head per year. This amount was paid by K-14-1 by Corso and the U.S. Committee of Canada. We ~~do~~ thought that we should try our best to make the people stand upon their own feet

Dr. R. L. Shah, M.S. F.R.C.S. Thoracic Surgeon of Nowar Hospital Bombay came here today with Bhimrao Potdar from Sambra Aerodrome. Dr. Shah came to see our Hospital and to study its working. He being a "Lung Surgeon", his services would be used for the middle class and poor Class people of this area. Dr. Salve thought it would be better if he knows the place of the location of the Institute and comes into Contact with people who are concerned with the running of the same. So, he came by plane, drove in our Ambulance to Ghatprabha reached at about 10.15 A.M. Saw everything Talked with the Staff, took his lunch and went away again in Ambulance to Sambra with Potdar, Sanjeevrao and Nair Dr. Surgeon. Dr. Shah is coming back again. most probably he will come and take to Thoracic surgery here.

We and Mrs. Mahadeo Shastri of Poona came by Jeep to this morning to see the Institute. Mrs. Sadhatai Joshi (Teacher of Goa Girls High School) came to Ghatprabha for the first time. It was the duty of every one of us to honor the warrior in her.

Today, Bagalkot Cement Factory wired K.H.I. and asked him to send One thousand seven hundred and odd rupees for 14½ Tons of Cement (which is one wagon). Bhimrao and Balaram - both wanted the cement to be brought at once.

Sudhatai spoke about her experiences in Goa Jail and gave a short account of the activities and troubles before joining the Satyagraha movement. Shastribuwa himself was also going to Goa and offer satyagraha. But as Sudhatai did not want the earning hand to go away from the family circle ~~she for some period~~ even for a short period she ~~decided~~ herself decided to go to Goa and save the family from economic trouble. Shastribuwa gave his wife permission to offer Satyagraha and shouldered the entire burden of the family. His mother, the mother-in-law of Sudhatai too, willingly permitted her daughter-in-law to proceed to Goa.

Again the teachers of Shridha Aryavrat Vidyalaya, Hukki met. Last time we met on June 21, 1959. I had said them ₹ 11 09 12 to them then.

Today, all the Vaidya Bhagwat were present.

1) Circulation question was taken up and discussed. It was decided that correspondance regarding this be produced before me next time. Also I should handle the question with satisfaction of the Vidyalaya.

2) Hospital work should be started immediately. The chairman should be requested to give money at least 600 Rupees for the creation of partitions in the building made. Once I get the assignment they should buy in the Hospital.

3) Audit notes are wanted by the Civil Surgeon. The principal of the Vidyalaya should go to the Civil Surgeon with the accounts, if necessary, and request him to give some more time for submitting the audited accounts. The auditor should be requested to audit the accounts as quick as possible.

I have requested all the teachers who were present to work hard and show concrete results to the Government and to the people. Otherwise, I have warned them that they will lose the recognition given to them by the Government. Also friends and sympathisers will lose all faith they have in the workers of the Vidyalaya.

Dr. Mrs. Shamalabai Bhagwat was present at the meeting. She heard everything but did not take any part in the discussions. I have asked her to report everything to her husband. He is now in Mysore city.

JULY 1959 Ghatapratha

193-172 ~~Sunday 12~~

From July 30 B. Forward

In order to go to Kalpatgi to bring the promised amount of ten thousand Rupees from Kashinath Shenvde I had to cancel all appointments, go to the Station to make first reservations to Ghatapratha and thence to Bombay en route Delhi. Had to write a number of letters again. But all that had to be done because of the fact that we were getting a donation of Rupees ten thousand for the K.I.T. on condition that a building preferably a Dharmashala was to be built either in the name of the donor or for his use for some days in a year. I promised to go to Kalpatgi on Saturday the 1st of August '59 at about 11 A.M. Accordingly, I gave a letter to Kashinath and gave him to understand that we were going to Kalpatgi on that day forgetting the amount promised by Shri Pandu himself took the letter with him.

(From the 31st July)

Baburao and his son Balu had their say. I have told Baburao that he should deal with Vaidya Halsikar and settle the matter once for all. But I wanted to see that Vaidya Halsikar didn't trouble the staff and allowed them work smoothly. Vaidya had not, I was told, given money from the amount he had received from the Government to grant for this year and therefore the work was not progressing at all. Baburao's attention was drawn to it.

Balu's desire, as much as it was his father's, was to go to Delhi for finishing his way in his own line. In this he wanted help from me.

left Ghataprabha at 6.15 P.M. for Hubli in a car which was sent by Mujawar and company of Belgaum which is a partner in the "Bombay Karnatak Road work's Syndicate" to take us to Belgaum. We left Ghataprabha at 6.15 P.M. and reached Belgaum at 8.5 P.M. Went straight to Bhimrao's home took our dinner there and left for Dharwar & Hubli. Vimal Gangutai and myself travelled together. From Ghataprabha Mr Bhimrao Potdar joined us and came to Belgaum.

This morning I asked Mantri to go to Belgaum and speak to Bhimrao to send the car that was offered to me by Mujawar & company of Belgaum. Mantri went and brought the car with Bhimrao at about 3 P.M. I had to hurry with all the work and pack up. I requested Vaidya to allow Vimal to go with me to Hubli for her health. He did permit. She had hardly any time to pack up but somehow she managed to come to Hubli Narayana was asked to attend to the daily routine of civil programme and other work that Vimal was supposed to do.

Reached Hubli at 11.45 midnight after leaving Vimal with her parents at 11.5 P.M. at Dharwar. Gangutai also was with us in the car.

At night Gangutai narrated to me what had been told to her by the new arrival at Ghataprabha. It was about Shanta. She said that "it was not his intention to cause any pain to her heart but casually he ~~asked~~ had asked her about her husband and her relations with him. I had come to the station in Hubli Keri's Car as that had to come to the station that day to take Mr. Sham Hubli Kar, his fiance and her brother. We met them all in train and started. The journey was good. ~~In the train~~ On the way I wrote a number of letters and cards. In the evening, on the station Ranganlal met Raja, Partha and others. Raja had brought some sweets. We all took them and started for Madras.

Besides Raja and her relatives T. Siddalingayya, Partha Narayan Pandit, Ramrao Mane and others were present. Had a talk with Siddalingayya about the Bharat Sevadal and requested him to send a letter to the Congress President and offer individual and organisational services to the Congress at the time of the Congress session in January 1960.

Early this morning at 7.45 we left for Durgabai's residence where we were given a cup of coffee and were introduced to the household. Shri C. D. Deshmukh was then living at that house. We saw how a husband can be controlled by a wife. Durgabai took us to all the institutions which she herself was running. For instance the Andhra Mahila Sabha, the Nursing Home, the Family Planning training Centres, the industrial Centres, the Press etc. "What can one woman do by the means some work" wonderful indeed. I wrote to Jayanna about this and asked him to think about it. Durgabai brought us back and left us at the Hotel.

In the afternoon at about 4 P.M. we went to see the All-India Radio. Mr. Moorthy, the Station Director, was kind enough to show the Radio and send us to some dis tance in his and in his friend's Car. After that we took taxis and went to the Hotel.

What can one woman do? Durgabai Deshmukh created her own facilities and created a field of work for herself. She has become indispens able both to Government and to the people at large.

This memorial of Gandhi is a splendid and original one. It is very simple in its design and is very attractive. There is no statue or image of Gandhi anywhere there. I was surprised. I was told that on the last Friday of every month prayers are held in this memorial and a large crowd gathers each time there. Even Subbulakshmi comes and sings devotional songs at this place. I do not know how many such memorials are built in the country.

S.N. Subbarao came early morning from Bangalore. He, Manjubhashini and Narayan (the Seva Dal organiser) were taken me this a.m. I asked Manju Bhashini and Subbarao to tell me as to why does no Voluntary organisation thrive in Tamil Nad? They were unable to give any satisfactory reply.

Mr. V. Visvanathan, who was in Hubli when I was serving the Southern Railway and who is now serving the Standard Motor Co. came to the hotel at 2 P.M. and took us to this factory which is about 18 miles away. We were indeed glad to see the factory. It gave us some idea about the manufacture of Cars and Trucks. The seat of the manufacture of these cars is 18 miles away from Madras. While we were returning we saw the Government T.B. Hospital without the aid of any doctor. It has a huge area and wards are spread far apart.

We went to see the Kapaleeshwar Temple. We were all together.

209–156 Tuesday 28

Had been to see Venkatramanayya's house, now under construction. Also, saw the plot (and the well in it) of Ars E. Iyer. The plot is 100 X 150, a big plot indeed. We had seen the plan of the house to be constructed. It was good. Gangotri, Vatsala, Dr. Vaidya and H.S Ram Rao went to Gramodyoga Khadi Vastralaya. I went to the All-India Radio to meet Subbarao and Naresh for having a talk with them about the Vande Mataram song and its tune. The song is to be sung with very little music but with more help in the Western tune so that we may not be left alone to attend more time. The song should be sung (if necessary)

Wednesday 29 and at Hubli

210-155

Left Bangalore at 9.45 A.M. by the Express Train. I was to see Bharat Sewa Dal boys and girls. Ramrao, Mahg. O.C. had written to the responsible workers to attend the stations with the Dal workers. Accordingly, at every places indicated by Ramrao except three where the train does not halt - boys and girls in uniforms also had come. They seemed to be very enthusiastic. In many places they requested me to visit their towns or Villages & encourage them. An assurance has been given by me. We will see how it turns up. The total number of boys and girls seen was about 1,000 — Besides this, teachers of High schools and middle schools and primary schools had come with their wards. At Haribar, I saw very little boys and girls. Had to ask them go home as darkness was just passing its natural beauty. The towns and villages which were passed are:- (1) Tavanur (2) Gubbi (3) Tiptur (4) Arasikere (5) Banavara (6) Kadur (7) Birur (8) Ajjampur (9) Shivani (10) Holalkere (11) Chickjajur (12) Mayakonda (13) Kodagur (14) Davangere (15) Haribar (At Bena Varification with the made boys.

Ramdas Ghorade came and asked me and Jamnalal to go to Wardha for taking money for the K.H.I. which has been sanctioned by Kasturba

At about 2 P.M. [illegible]

Had been this evening to the Women Hospital and inspected the hospital in connection with matters das and Jamnalal Shamalabai was there. Found a number of things that were necessary for keeping the hospital attractive and clean and tidy. I was told by Dr. Pramila Maratha and Dr. Mrs. Bhagwat that the mess was not run properly. 9 maunds of Jaggery have been spent in one month, more than 3½ tins of sweet oil has been used, more fuel is consumed, and the trainees as well as the servants had become unruly. I was very much surprised to hear all this. After the round I requested Pramila to have a talk with us in her house. We all sat and discussed the whole issue. I wanted to finish the entire business then and there. So the Cook and the other servants were summoned, those in charge of the mess store were sent for and some of the responsible trainees. Full inquiry was made and found that the report given by the Doctors was correct. The mistake lay at the door of the administration whose duty it was to supervise and if necessary take necessary action. It was not done. We have now decided with the action. Asked Dr. Pramila, Dr. Bhagwat and three trainees to meet me at my residence the next day at 3 P.M. for further discussion.

Balwant Patwardhan and his son Balu, the pleader,
came to Hubli at my request to take part in the discussion
that were going on regarding Ayurvedic Vidyalaya
of Vaidya Halasikar. Have told Balwant to handle
the question himself first and then discuss it with me.

Balu Patwardhan came for his own work. He desires to
settle at New Delhi. He wanted to know whether it was possible
under the circumstances in which we are all placed. He
requested him to go to Delhi once and study the situation
himself. He has agreed to do so.

Dehad asked Shamalabai, Pramila and 3 others from
the trainees to come to our residence this P.M. at 3 in order
to settle details about the management of the I.W.A.S.
Mess and to settle the menu with measurements. For
this discussion Ramrao Sharada and Lakshmi this after-
noon Mathuradas joined us. All-together, Shamalabai
Pramila, 3 Nurses, R.K.S., Mathuradas & myself took part
in [redacted] getting the menu ready. Details
of the management and menu were to be told to the trainees
Therefore, a meeting of the trainees was taken up at 8.45 P.M
15 minutes before the usual Time of prayer and the whole
thing was explained to them. Pramila, Shamalabai, Lalitha
Mathuradas were present. The details of the talk given to

Gangutai, Baba Patwardhan and myself — we came to Kalghatgi at about 10.30 A.M. and went straight to Sripad's Bungalow. He was not at home. But he met us as we were going towards the city. All of us went to Kashinath's residence. He had some difficulty. It was solved by Gangutai. The brothers talked amongst themselves and settled the matter that was confronting them. Kashinath settled the account with his brothers. We all left for Khanapur (meals) After lunch Baba and Kashinath went to Bank Baba helped him to certain extent. They came back at about 2.30. Then we went to Sripad's residence for a while at least. Kashinath had given 10,000/- for the Construction.

Ten Thousand Rupees (10,000 Rs) from Kashinath's shende of Kalghatgi for निवासी मंदिर like structure at the K.H.I. premises.

AUGUST 1959

Sunday 2

214-151

Reached Ghatapradha at 4.25 A.M. Had work of correcting proofs which had brought from Hubli Advaita Printery. It took nearly two hours to finish. Then had to attend to the invitations to be sent to all sympathisers friends, donors etc. The work was:—① To enclose cards in envelops, ② insert the flap inside, ③ The stamp of "Book Post" was to be stamped, ④ White addresses on Envelops, ⑤ Paste postal stamps over the envelops, ⑥ To check the work already done ⑦ Write new addresses and keep the mailing list upto date. Then send all the material to the Office for dispatch. Tara, Narmada, and Vimal—did all the work with the aid of three trainees who did preliminary work. We had to take the help of Dr. Sripad-rao Vaidya in spelling Belgaum list corrected and fresh names added to the list. He took the responsibility of sending all cards at Belgaum & the addresses. Shankerbabu Hudli and K.G. Joshi of the K. High school in Dharwar took the responsibility of sending cards to our friends in Chikodi and Dharwar respectively. Thus 2 months cards were sent out today.

Today Mr. Bhimrao Patkar dug earth for the creation of a recreational circle between the two new channels. Mrs. Vaidya brothers, Bhimrao, Acharya Bhagwat Mantri, Mathi, Tara, Narmada and Vimal were all present besides the ladies in the neighbourhood. This will be an attraction to the people living on this side of the Hospital. We must develop it and make it look beautiful. That entire area must be clean and ought to be kept clean. I must entrust this work to Vimal and her two workers in Bedadi.

Handed over the cheque for 10,000/- ten thousand Rupees from Kashinath to Dr. Vaidya.

I wanted him to tell me about the work Gandhian smarak Nidhi had to tell me about the work Gandhian smarak Nidhi and the smarak work done so far and is being done today in Maharashtra by those who have been efficient for the work. He was in bed very good to tell me everything in detail. I was surprised to hear from him that at least 60 thousand Rupees were spent on smarak some time ago but no results were achieved by those who were working then. This was when Mavalankar was living. Now under the Presidentship of Jivraj certain other arrangements have been made and both groups are working in their way. — I will meet Nana Deshpandkar again and will have a talk with him about this subject.

Have written to Dr. Vaidya again today to go slow and be cautious as Nimbkar does not approve some of our actions and activities. He does not want us to undertake too many activities at a time and advises us to go slow. He says it is difficult to get money at this hour and if we undertake too many things at one time we may not be able to fulfill our obligations. He is cautioning us. I think we will have to listen to him. — I feel we have begun with the idea Nimbkar is right and we are wrong. We have the one fact in our planning.

In Villages You work.

(1) Are you thinking of your own future? or the future of India - Bharat? Should you think of India and not yourself or your family.

(2) Your behaviour towards others must be very polite;

(3) Your mind must be clean. It should be reaching. Think clean of others. Your tongue should always be controlled by you. "Hold on, my tongue" You should always say and practise.

(4) Don't think too much of yourself. Have no ego in you. The "I" in you is dead. Never say "I"! Be always ready to give credit to others. Be true yourself.

(5) Render selfless service. You are there in a village to help and teach because you know something more than those whom you serve. Be not selfish. It is dangerous.

(6) Have faith in yourself and march courageously forward with the work you are doing.

(7) Seek Cooperation of others in carrying on your work and pushing it further in this world. We have to build Community life even in Villages. That is the only way to live in this world in this age.

(8) Teach whatever you know. That what you can not do yourself never try to teach it to others. Be honest yourself. Be sincere. Be not lazy. Be working always - "चरैवेति चरैवेति" said Pandit Nehru.

(9) "Learn", "let me learn" should be your attitude towards your life. Man is a student until his death. So, we must learn and teach the same systematically to others.

(10) Do not go in the complaining habit. It is dangerous to your smooth growth. Complaining spirit hurts the man himself. So, beware.

The troubles that you are now facing will not be removed soon. Under the circumstances in which we are all involved it is not possible for any one to help you in this. You are the pioneers. You must suffer; and you must clear the thorny way for others who are coming to serve the nation in future in the manner in which you are now serving. If your children and grand children need happiness the present generation must suffer. You must work hard. You must sacrifice It is you who must by your sacrifice and suffering show the method of building Villages for the betterment of the Villagers.

Vimal has been depositing her entire salary minus her month's Canteen bill with me from the date she was employed in Delhi and after that in Ghatkopar. I have returned the amount she deposited with me in Delhi when she came to Ghatkopar after her Bombay training. The amount she deposited in Ghatkopar in 1958 was returned to her in one lump sum in the month of January 1959. Again she deposited her month's salary minus her Canteen bill with me. All the deposits are to be returned to her or to any other nominee in one lump sum either at the end of the year or whenever she demands.

Gandhis birthday at Dharwad

OCTOBER 1959

Ghalapratha

Friday 2

275–90

At 8.30 A.M. Flag Salutation at Dharwad. Shri Bindu madhav Burli hoisted the Flag and spoke on Mahatma Gandhi. As usual the village Harijan boys and girls came for the Flag salutation and to know Gandhi's life to the place of meeting. Methodist church people also had come to the meeting. Mr. Thomas, Bangalore, the minister of the Church were also there.

When the songs were being sung at the time of the Flag Salutation, I felt that no progress was made by the school in such matters as these. Their one act play in Kannada was O.K. I found that the boys and girls had learnt it well. The coaching was good. Burli spoke well. His speech was impressive. The audience liked the speech immensely.

Dharwad Harijan was not behaving properly. They introduced him to Burli he didn't show any enthusiasm at all. The man is either suffering from inferiority complex or is jealous of the Police Patil who is very popular and influential in the Village. It seems that he does not like me to work in this Village and is slowly trying to build a group of his own to against the Patil group.

Evidently we will have to slacken our attempts at Dharwad. If people do not want us we will have to stop going there for sometime and teach the people by our negative behaviour. From now on I won't go to Dharwad unless absolutely necessary.

Vimal started her craft work today. The first thing she did was to make the Campus Women realise the necessity of coming together for some purpose — this time it is tailoring. The classes were to be started the next day. Good beginning.

Mr Sheriff in charge of Power came with Shama and spent an hour at hours explaining the Tariff of the Mysore Electricity Board. Questioned about the K.H.I. consumption he said it would be much easy if we but-kiptreak the lines and get a certificate from the Divisional Commissioner saying that K.H.I. is a non-Commercial and non-profit making institution. In the case of Bhupadal Vidyapeeth the Dy. Commissioner should Countersign the papers and send them immediately to Hubli. Then the work of providing lights to that Village will be done.

Why? I do not know. I was disturbed my sleep was disturbed the whole of this morning from 12.30 midnight. I was thinking about whom I was thinking for not getting up at 12.30 midnight. My mind was running and running and running and I was thinking of various things. Different kinds of thoughts were coming and going in my mind and I was thinking of various persons and various things which I attended yesterday. Various kinds of thoughts were coming and going in my mind and I was thinking of various persons and various things which I attended yesterday. Various kinds of thoughts were coming and going in my mind and I was thinking of various persons and various things which I attended yesterday.

How can one control what goes on in one's mind? That often comes to my mind. Are we trying to control what goes on in our mind? Is it not a fact that our mind is always running after something or other? Is it not a fact that our mind is always running after something or other?

Had been to Dharwar with Gangubai, Sharayu, and Asha with the intention of getting my speech recorded at the All India Radio Station. I was not satisfied with the speech that I had given in Bangalore. It was read there at the station. They had no objection for it. But somehow I did not like it. I told them that I would get it recorded on the 15th evening. Dr. Ranganath was there. Burli too had come. Adhikary and I went in search of Habbu's house in Saraswatpur. Habbu was not at home.

Gangubai, Sharayu, Asha herself went to the Lakshminarayan temple in Dharwar and saw [illegible] Beautifully decorated images were seen. Reached home at about 8.30 P.M.

Had been to the hospital for H[illegible]. To 5 minutes to 4 P.M. They had finished everything. 7 children with Gangubai had gone to the hospital. I did speak to Dr. Pramila and Dr. Shamalabai to be strict in discipline.

ದಸರಾ Dasara OCTOBER 1959 Hubli

284-81 Sunday 11

Opening of the Ayurved dispensary in the Dharmashala just behind our residence. This Dharmashala was built by Mr. Bapni, the then administrator in 1939. For the last 20 years it has been used as a dharmashala and now it is to be used as an ayurvedic Dispensary. A good work indeed! The administrator asked me to inaugurate it. The function took place at 10.30 A.M. The Administrator spoke, Dubey and Dr. Dongre also spoke. I did speak for 30 minutes and then left. The administrator was all enthusiastic and garrial.

Balwan Patwardhan came this day. Spoke to him about the Ayurvedic Vidyalaya and requested him to finish the job quickly.

Had been to Gurunathappa's house to see Borakka and met the family members. Heard everything about Gangadhar's doings and his attitude towards the family members. Borakka has lost all confidence in her son Gangadhar and is upset very much. She seems to be disgusted with her life and is very unhappy. I do not know Gangadhar, when he goes home sometimes there and feels himself comfortable. He does not even mix with the members of the family and talk with them freely. I am told he drinks and drinks heavily; he seldom goes home. he seldom eats; he seldom talks. Most of the time he is at outside; with those who have attracted him and are squeezing him! It is a pity. I am sorry to see that a good family is being ruined! How the rich become poor!! And how unhappy!!!

* * * *

In the evening Gangubai and I went to the Ashoka hotel to see its building and their arrangements inside. Gopalacharya was there with us. A good and decent and clean hotel. Yet under construction. The proprietor was with us. Spent an hour there and came home at about 7.15 P.M.

Umabai, Ramakant Balwan, Bhagwat and others came to greet and speak, it being Dasara holiday.

285-80 Monday 12

Reached Ghataprabha by mail at 7.20 P.M.
Chachadi came at about 10:45 A.M and gave these letters. Dorlad, Shantai and Vimal's.
Had been to the Parliamentary, the Superintendent of the Railway told him of the forthcoming visit of the President of India to Ghataprabha and requested him to expedite the construction work of the Rest station and its yard. He said he would instruct the Asst Engineer. and He sent for him. Damodaram came and met me. He promised to go to Ghataprabha on Wednesday the 14th and meet me there. It was good of the officials to have so much faith in me and quickly decided to take action.

(From October 13th 59)

She got up and came to my desk. I asked her the cause of her grief and her not taking food the whole day after 12.45. Dr. Vaidya was sitting with me I told her to speak she seemed to be reluctant. But after 15-20 minutes questioning she narrated the whole story. She said that Dr Balankhe did not want me to tell anything to you. He did not want you to be unnecessarily troubled. therfore she did not want to tell anything. She had to live and work in K.H.I. and if she went against the wishes of Dr Balankhe her stay here would not be congenial to herself." After saying so, she did tell us every thing that had happened on the evening of the 11th Saturday (11th Oct. 59) The word ಕೆಟ್ಟ or ಕೆಟ್ಟದು which was uttered by Dr Balankhe had touched her and she enquired us to what she had done to show ಕೆಟ್ಟ (deceipt) to Dr Balankhe or to any one for that matter. When this talk was going at Dr Balankhe's room Shanta was there. So, I wanted to vanish from her. I wanted to know her version of the story told to me by Vimal in the presence of Dr Vaidya. That is the reason why I asked her to get up and come home at about 2 P.M. on the 13th. She came. I asked. But she did not reply.

Wired to P.M. Gopinath as follows :-

"Gopinath Private Secretary, 10 Akbar Road, New Delhi
Contact Military Secretary of President and wire his
arrival date here sincerely. Handikar"

Was expecting a reply from him nothing came.
At about 10 or 11 A.M. today I heard that Shanta was
ill and had not gone to the Hospital for work. What was exactly
wrong with her was not known. She had become violent.
She tried to threaten every one who went near her. She said
she would bite, hard and strong, if any one touched her.
She acted very roughly. She abused every one and wanted
every one to be away from her. She behaved, as
though she was a lunatic, insane person. She was
given necessary injection. From what she uttered it
looked as though she had lost her mind because I had
scolded her early this morning at about 2. After Dr.
Vaidya left us in the morning at about 1.30 or 2.0 I.
Called Vimal to wake her and summon her to my
side. She came. I asked her to tell me every thing
that had happened when Vimal had gone to Dr. Balankhe
on the 11th — dasara day in the evening. Dr Balankhe had
said something to Vimal as a piece of advice. That advice
touched to the heart of Vimal and she gave up
her food and lay crying on the 11th evening and the whole
day of the 12th. I reached by mail. At the time of our
food I asked Vimal to go with me. She said
"no" Narmada told me that she had not taken her food
the last evening and nothing during
the day. She said she was crying during the day. I made
enquiries. I asked Shanta. Shanta said she would
tell me after food. After food Dr. Vaidya
narrated to me a few things which made me ask
him questions. Some light was thrown on the attitude
of Vimal. So, I made Vimal
who was sleeping to come to me.

OCTOBER 1959 Hubli and Environs

288–77 Thursday 15 Shalapradha

Arrived at about 4.30 A.M. from Hubli Vimal, Deshpande, Bhanurao had come with Station wagon drove directly to Shantas room and saw her. She was awake. I told her that I had come from Hubli and that I would meet her again during the day. Her violent attitude had disappeared; but she had developed an laugh which some said indicated lunacy. It is difficult for me to say anything in the matter. I went to her twice during the day and found that she was uttering some words and was on her consciousness.

Reached Hubli early morning. The first thing in the morning that was done by me and Gupta is to go to the building of the Bhagini Mandal where Vastu Shanti was being performed. Dairakar also was there. They took a photo of members of the Managing Committee of the Bhagini Mandal including the Founder members.

Saturday 14

Early morning this day Nehru birth day was celebrated at Ghatprabha, Mallapur, Dhupdal Village and Dhupdal mission School as also the Primary School students and Balwadi balaks were present. There was some trouble when the games and when the Cultural programme was going on. "None of the elders took any interest" was the charge levelled by a few. It was true. At the same, it must be admitted that there was no organised attempt. None knew what was happening and what was being done. That was bad. I took a meeting of the workers and told them what I thought about the whole affair.

At about 1.35 We left for Kowjalgi. Awaked, Dr. Vaidya Mrs. Kulkarni with her baby Narmada, Vimal and myself went in Land Rover. The Road was very very bad. But we had to go. We went. It was late by one hour and 10 minutes. That was wrong. But the organisers themselves had not yet come. It was a very good function. There was exhibition. Prizes were distributed by Mrs. Sheshadri, the wife of the Collector. More than 500 people had gathered. More than half of them were women. Panchas and Sar Panchas had come. They were all very enthusiastic. Showed eagerness to work.

Dwaraka's work in Masaguppi, Vadevhatti, Hunshal, Gujanatti, Tigadi, Pulagaddi, Pattagundi and Dharmatti —

3 Dais taken for training in the month of September while Dwaraka joined on the 14th of September 1959. All 8 Dais (indigenous) were brought to K.H.I. in the middle of October 59 just to show the institute and see the working of it. They were introduced here to the K.H.I. officials and the staff. They stayed at the K.H.I. 31 hours. Twice after this they (all 8) assembled at Masaguppi for group training. A function was performed at Masaguppi when the Convenor had gone there, possibly in December at that time these 8 dais met. It was a social meeting. Then on January 26 when Miss Dewhurst visited Nabapur all 8 dais went there. Then on April 7 when Dr. Hilchmanova visited Masaguppi all these 8 dais met her there. Four of the eight dais took practical training, 8 days each, at the K.H.I. itself. All these four were not brought together at one time. They were, one at a time, brought separately. The remaining 4 were not at all brought on account of their home difficulties. So, only four
